Art from Ukraine

Horsham Arts Centre is proud to collaborate with Danusha Fine Arts in presenting a collection of Art from Ukraine. This exhibition will stand as another step towards raising public awareness in the UK about Ukrainian Art and its history.

In this case; landscape, still life and figurative painting by Petro Magro, Grygoriy Shyshko and Panas Tytenko have been selected.

Danusha's Art collection is described as a mix of original Impressionist and Realist painting, (influenced by Western culture inspite of the restrictions on artistic creativity by Communist ideology in the former USSR).

The work of Magro, Shysko and Tytenko not only tell their own story, but stand to represent the larger plight of Ukrainian Art, that until recent years, has not been well known to our Western culture.

When discovering Ukrainian Art for the first time, it is clear why its diversity has growing appeal.

In support of the Chernobyl Relief Foundation.

DANUSHA FINE ARTS

Submissions for exhibitions should be addressed to Sharon Trott, Visual Arts Co-ordinator at Horsham Arts Centre.

The timescale for programming can be from 1 year - 18 months ahead.

Please include colour images and supporting text with your submission.
